3b) Dan Neumann has seen and approved the text for the NIST proposal and is working out the final details before passing it on to MRS for submission next week. **AW will follow up.**

3c) It is not clear if the call for abstracts has been sent to the neutron mailing list. It appears that the email announcement sent out this morning might not have been.

GS will contact SJB to ensure he checks and deals with it.

AW will send newest email to GS who will forward to NSSA membership.

StV will send this one to the neutron mailing list.

3d) Gerry Lander has been invited to give a talk at the ACNS and a slot in the agenda has been arranged.

4) Website

RP managed to log in. RP reports that at the facility directors meeting it was discussed that there should be room for both a NSSA & facility driven website.

BF will look at present http website and make suggestions on what should stay html and what should be wiki, and send the suggestion around for future discussion.

5) Privacy Policy

8) AOB

9) Set date for next call

Respectfully submitted, Suzanne te Velthuis, 03/17/08.
